

Information Security Policy

Version 3.1 · Effective: August 1, 2022 · Owner: IT Security

1. Password Management

Passwords must be rotated every 90 days. Passwords must contain at least 12 characters.

2. Remote Access

Multi-factor authentication is mandatory for all remote access to company systems.

3. Incident Reporting

Security incidents must be reported to the IT Security team within 24 hours of discovery.
